STAKEHOLDER CARD · PRIVATE

TEAM 1 · CAMPUS EVENT SYSTEM

Student Organization President

PRIVATE: DO NOT SHOW THIS CARD TO THE INTERVIEWING TEAM UNTIL REVEAL & COMPARE.

YOUR SITUATION

- You lead an organization of about 60 members and organize about two events each month.
- You advertise through Instagram, group messages/email, flyers, and sometimes a university webpage.
- Students sometimes tell you they did not know about an event until afterward.
- Times or rooms occasionally change after you have advertised an event.
- Last semester, a room changed the morning of an event and some students went to the old room.
- Some events are public; others are members-only or require registration.

WHAT MATTERS MOST TO YOU

> *Your main goal is getting accurate event information to students who are actually interested, without event promotion becoming a large administrative job.*

A COMPLICATION YOU KNOW ABOUT

Sometimes more than one student organization is involved in organizing the same event.

HOW TO PLAY THE STAKEHOLDER

Answer based on this card. Give examples when the interviewer asks. You may add small realistic details, but do not contradict the card or invent a new major problem.

Do not read the card aloud, list every problem immediately, or tell the analyst what features the system should have.

IF THE INTERVIEWER DOES NOT ASK ABOUT SOMETHING, YOU DO NOT HAVE TO TELL THEM.

STAKEHOLDER CARD · PRIVATE

TEAM 2 · FITNESS CENTER SYSTEM

Student Who Regularly Uses the Recreation Center

PRIVATE: DO NOT SHOW THIS CARD TO THE INTERVIEWING TEAM UNTIL REVEAL & COMPARE.

YOUR SITUATION

- You use the recreation center about four times each week.
- You often decide when to go only a few hours beforehand.
- At busy times, equipment or space you want may be unavailable.
- You attend group fitness classes occasionally.
- You once arrived for a class that had already reached capacity.
- Another time, a class schedule changed and you did not realize it until you arrived.

WHAT MATTERS MOST TO YOU

> *You want to make a reasonable decision about when to visit without spending much time planning.*

A COMPLICATION YOU KNOW ABOUT

You do not always care whether the entire facility is crowded; sometimes only a particular activity or area matters.

HOW TO PLAY THE STAKEHOLDER

Answer based on this card. Give examples when the interviewer asks. You may add small realistic details, but do not contradict the card or invent a new major problem.

Do not read the card aloud, list every problem immediately, or tell the analyst what features the system should have.

IF THE INTERVIEWER DOES NOT ASK ABOUT SOMETHING, YOU DO NOT HAVE TO TELL THEM.

STAKEHOLDER CARD · PRIVATE

TEAM 3 · LIBRARY STUDY-ROOM SYSTEM

Student Who Frequently Reserves Group Study Rooms

PRIVATE: DO NOT SHOW THIS CARD TO THE INTERVIEWING TEAM UNTIL REVEAL & COMPARE.

YOUR SITUATION

- You often reserve rooms for a group of four to six students.
- Availability alone is not enough; room size and equipment can matter.
- You have reserved a room and later discovered it did not have what your group needed.
- Your group sometimes changes meeting time after coordinating schedules.
- Once, another group was using a room you had reserved.
- Most meetings are planned several days ahead, but sometimes your group needs a room that same day.

WHAT MATTERS MOST TO YOU

> *Your goal is not simply to reserve a room; it is to find a room that works for the particular group and meeting.*

A COMPLICATION YOU KNOW ABOUT

The best room for one meeting may not be the best room for another, even with the same group.

HOW TO PLAY THE STAKEHOLDER

Answer based on this card. Give examples when the interviewer asks. You may add small realistic details, but do not contradict the card or invent a new major problem.

Do not read the card aloud, list every problem immediately, or tell the analyst what features the system should have.

IF THE INTERVIEWER DOES NOT ASK ABOUT SOMETHING, YOU DO NOT HAVE TO TELL THEM.

STAKEHOLDER CARD · PRIVATE

TEAM 4 · RESTAURANT ORDERING SYSTEM

Restaurant Shift Manager

PRIVATE: DO NOT SHOW THIS CARD TO THE INTERVIEWING TEAM UNTIL REVEAL & COMPARE.

YOUR SITUATION

- You supervise both in-person and online orders during busy shifts.
- The kitchen can become overloaded when many online orders arrive at once.
- Customers sometimes order an item online that becomes unavailable during the day.
- Special instructions matter, but staff may overlook them during busy periods.
- Pickup customers sometimes arrive much earlier or later than expected.
- Some menu items can be customized easily; others cannot.

WHAT MATTERS MOST TO YOU

> *You care about accurate orders and realistic expectations for customers and kitchen staff, not simply accepting as many orders as possible.*

A COMPLICATION YOU KNOW ABOUT

Customers want fast pickup, but accepting every order immediately during a rush can make everyone's order later.

HOW TO PLAY THE STAKEHOLDER

Answer based on this card. Give examples when the interviewer asks. You may add small realistic details, but do not contradict the card or invent a new major problem.

Do not read the card aloud, list every problem immediately, or tell the analyst what features the system should have.

IF THE INTERVIEWER DOES NOT ASK ABOUT SOMETHING, YOU DO NOT HAVE TO TELL THEM.

TEAM 5 · COURSE REGISTRATION SYSTEM

Academic Advisor

PRIVATE: DO NOT SHOW THIS CARD TO THE INTERVIEWING TEAM UNTIL REVEAL & COMPARE.

YOUR SITUATION

- Students often come to you saying, 'It won't let me register.'
- Reasons include prerequisites, program restrictions, time conflicts, or a full section.
- Some restrictions can be overridden in special circumstances; others should not be.
- You often need prerequisites, seat availability, the student's schedule, and program rules at the same time.
- Students sometimes assume that an open seat means they are eligible to register.
- Different departments may handle some overrides differently.

WHAT MATTERS MOST TO YOU

> *You want students to understand what is preventing registration and what legitimate next step they can take.*

A COMPLICATION YOU KNOW ABOUT

Two students with what looks like the same registration problem may need different next steps because their academic situations differ.

HOW TO PLAY THE STAKEHOLDER

Answer based on this card. Give examples when the interviewer asks. You may add small realistic details, but do not contradict the card or invent a new major problem.

Do not read the card aloud, list every problem immediately, or tell the analyst what features the system should have.

IF THE INTERVIEWER DOES NOT ASK ABOUT SOMETHING, YOU DO NOT HAVE TO TELL THEM.
